Badosa, 29. Barcelona, Spain

Inti Hernández Servitja

Inti Hernández Servitja

I'm a software developer with a strong focus on backend and systems programming. Mostly self-taught, with experience in Rust, C, Java, and full-stack JavaScript, built through personal, freelance, and team projects. I value performance, simplicity, and fully understanding what I'm building. Currently based in Spain and fully available to relocate anywhere.

Education

42 Barcelona
